A Recent Success Story

Snapdocs recently completed onboarding a national title operator headquartered in Pittsburgh, PA

- 4,000 monthly closings
- Major bank clients, including 2 of the top 5 lenders
- Heavy focus on the consumer experience
- Internal database of signing professionals curated over decades
- Considerable investments into their internal software

Their Objectives with Snapdocs

Gaps still remained, here's what they hoped to achieve by implementing Snapdocs:

- Upgrade their consumer interactions
  - Make more informed notary selections
  - Bring all scheduling in-house
  - Keep the consumer better-informed throughout
- Reduce compliance risk & error rates
- Eliminate expensive vendor management redundancies

snapdocs

The Results

What we achieved together:

- Snapdocs plugged into scheduling process over a 30 day implementation schedule
- Error rates were reduced 50%
- All manual collection of vendor documentation and outbound scheduling via phone was discontinued
- In-house resources were redirected to high net worth or critical lending
- New, highly rated notaries were discovered in 70% of closings
- Consumers satisfaction scores improved 38%
